## HP ZBook 15u G3 Workstation

Intel® Core™ i7 Processor

Introducing the HP ZBook 15u G3 for use with our Sopix Veterinary Dental Sensors. This unit provides superior graphics capability, allowing for the most accurate diagnoses possible. It has a sleek, industrial style and is designed to pass military standard testing [Mil-Std-810G\*] with its casted magnesium-reinforced chassis, backlit keyboard in full aluminum deck with magnesium bottom reinforcement, chemically strengthened glass touchpad, and updated system function indicators. This workstation also features the HP Spill Resistant Keyboard with Durakeys, and its solid-state drive improves durability, shortens boot time, and increases performance. Our software comes preloaded on the ZBook for your convenience.
