

ACTEON NORTH AMERICA VETERINARY WARRANTY POLICY

Acteon North America warrants products against defects in material or workmanship as follows:

Manufacturer's Limited Warranty Coverage

- For a limited period from the original date of purchase, ACTEON will pay for labor and parts to repair a defective product. After this period, the customer must pay all labor and parts charges.
- Warranty covers manufacturer defects.
- Warranty does not cover damage to the product.
- Costs associated with shipping to Acteon are the responsibility of the customer or dealer. Return shipping cost of non-warranty repairs is the customer's responsibility. Acteon will pay for return shipping charges of repaired items under warranty.

Warranty on Repair

- Repairs are covered by a 90-day limited manufacturer's warranty.
- Repair warranty covers only the work performed and not the entire unit.
- If more than 90 days remains on the original manufacturer's limited warranty, the repair will be covered for the remainder of the warranty rather than the 90 days.
